VILOFOSS® PeckStone extra hard Mineral feed for poultry

Analytical components and contents:

3,70 % HCl-insoluble ash, 22,00 % calcium, 4,40 % phosphorus,
4,00 % sodium, 2,80 % magnesium, 0,00 % lysine, 0,00 % methionine

Additives per kg:

Nutritional additives:

90 mg copper-Cu: 90 mg as copper(II)-sulphate pentahydrate (3b405),
480 mg manganese-Mn: 480 mg as manganous-(II)-oxide (3b502),
600 mg zinc-Zn: 600 mg as zinc oxide (3b603),
12 mg iodine-I: 12 mg as calcium iodate, anhydrous (3b202),
5 mg selenium-Se: 5 mg as sodium selenite (3b801)

Produced 24 months prior to the best before date indicated.

Including additives best before: #M

Net weight: #G

Composition:

51.00 % calcium carbonate
19.25 % monocalcium phosphate (inorganic)
10.50 % water
8.20 % sodium chloride
3.75 % magnesium oxide
2.75 % sodium sulphate
2.75 % magnesium sulphate
1.50 % wheat bran*
0.30 % trace elements premix

Feeding advice:

Due to the increased content of trace elements compared to complete feed this supplementary feed may only be fed to poultry up to 8 % of daily ration. Store cool and dry!
