

Weekend Warrior Harness

Perfect for active dogs, the ergonomic Weekend Warrior harness is designed to provide long-lasting comfort and control on any adventure.

A good harness will concentrate the majority of the pressure or force of a leash's pull on a dog's chest area. The Weekend Warrior harness takes it a step further with a smart, padded design that softens the pull and distributes the pressure evenly.

Durable, quick-snap closures provide quick, easy-on, easy-off dressing – without having to lift the forelegs – while the adjustable neck and chest straps guarantee a comfortable fit. The soft and durable polyester surface material is easy to clean and will provide long-lasting wear. And the breathable, comfortable mesh lining will keep your dog cool without rubbing.

Because a harness is all about control, the Weekend Warrior harness also features a sturdy, thoughtfully placed hand grip that sits up in the ready position should you quickly need extra control in challenging situations. Special stitching ensures even more strength and durability – durability that is lab tested with tensile strength tests (SGS).

The Weekend Warrior harness also features luminous 3M reflective piping and prints for enhanced visibility in low-light situations. If you're looking for exceptional control for you and unrivaled comfort for your adventurous sidekick, take hold of the Weekend Warrior harness.

Key features

- 3M reflective pipings
- Adjustable neckline and chest strap
- Durable handle and stainless steel metal ring for the leash
- Easy-on, easy-off
- Large reflective prints

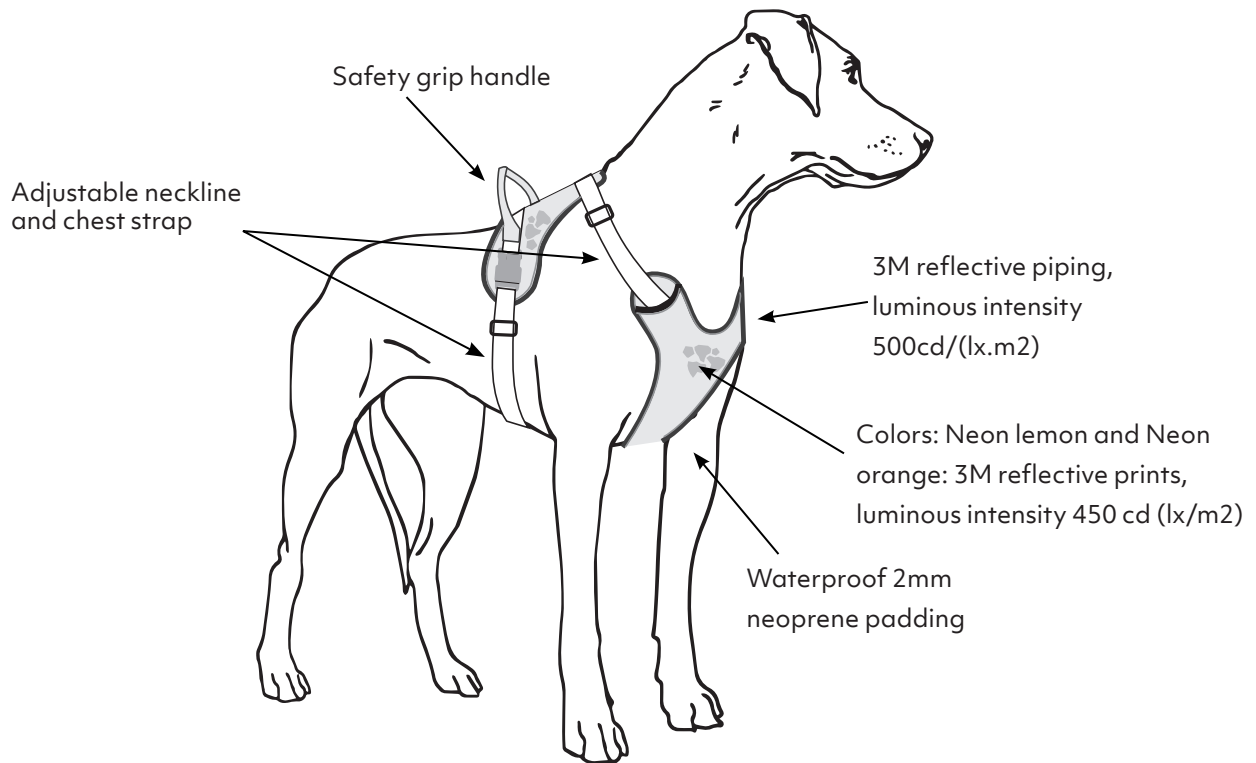

Materials & Care

- Surface fabric: 100% PES / 2 mm Neoprene padding
- Lining fabric: 100% PES 3D mesh
- On ECO version shell fabric and woven band are made from 100% recycled polyester
- Snap closures and buckles made of durable nylon
- Woven bands made of wear-resistant nylon
- Metallic components made of durable stainless steel
- Hand wash

Technical info

- Colors Raven, Ruby, Peacock and Desert: Reflective prints, luminous intensity 330 cd (lx/m²) and 3M reflective piping, luminous intensity 450 cd (lx/m²)
- Colors Neon lemon and Neon orange: 3M reflective prints, piping and 3M reflective stripes on the webbing, luminous intensity 450 cd (lx/m²)
- Fabrics tested to be safe, non-toxic, and compliant with STANDARD 100 by OEKO-TEX®
- Corrosion resistance of the metal parts has been tested in the laboratory according to the EN ISO 9227 : 2017 (E) standard and found to fulfil the determined quality requirements (SGS).
- The tensile strength of the harness has been tested under laboratory conditions according to standard SFS-EN ISO 13934-1, and it meets the strength requirements set for the harnesses.

Weekend Warrior Harness

Adjustability

20% adjustability with 4-6 points of adjustment

Visibility

Multiple reflectors, luminous intensity 400-450 lx / m²

Weatherproofness

Weatherproof Neoprene

Durability

Tensile strength at least 6 times the weight of the recommended breed
